### Remote Learning Procedures

All information will be accessible through the [school website](#) under the remote learning tab, including class timetables and 'How To' videos.

#### **General Information:**

- Live lessons will run from 8.45am-3.20pm and follow the students' timetable for the day. Depending on the day that we are remote, there may be some lessons that can't run live, and that will be detailed in the timetable below.
- Double lessons may involve a combination of live and independent work.
- Some lessons will not be able to be delivered live. This will be specific to the day we go remote, and stated under the timetable section below.
- If staff are ill, they will set work on google classroom for the students to complete during the lesson time (no live session). We will send out an email first thing in the morning if there are staff that are ill.
- Students know their timetables, however they can be seen by parents on the school website (Remote Learning Tab).
- Therapists will run individual and small group therapy online.
- Students will log on to their different lessons/sessions through google classroom.
- Students should be appropriately dressed (eg. school uniform is not required, but pyjamas are not appropriate).
- If a student is ill and unable to participate, parents should report the absence by emailing [office@abingdonhouseschool.co.uk](mailto:office@abingdonhouseschool.co.uk).
- If circumstances at home mean that a student is unable to attend a live lesson, the parents should email the teacher for that lesson to report this (if there is any confusion, the parent can email the form tutor, who will pass on the message).
- If the member of staff has any concerns about a student's conduct while on line, they may need to end the session for that child. This will be reported by email to the parents and the relevant member of the Senior Leadership Team.
- All school rules and expectations apply.
- Any issues accessing a lesson, the staff leading it should be contacted first via email.
- We will do all we can to staff the phones at school, however do be aware that the admin staff will not be able to solve issues quickly but can help to get messages to staff.

Any safeguarding concerns should be reported immediately to the school using all of the following email addresses (the safeguarding leads will be constantly monitoring their emails):
