<b><i>Term (Weeks)</i></b>	<b><i>Topic/Unit (weeks)</i></b>	<b><i>Key Objectives</i></b>	<b><i>Type of assessment</i></b>
<b><i>Week 1 (First full week)</i></b>	<b><i>Setting the tone</i></b>	<p>As students begin Year 10, they are also starting their formal GCSE journey—a key stage in their education. This is an important time for them to develop strong study routines, build academic confidence, and feel secure about the path ahead.</p> <p>At this stage, we focus on helping students establish positive learning habits and supporting their wellbeing. We take time to talk them through what to expect over the next two years, including how they will be assessed and how they can prepare well for their final exams.</p> <p>We know that starting GCSEs can feel overwhelming for some students, so this term we're working closely with them to reduce any anxiety. We'll be explaining the structure of both the English Language and English Literature courses in a clear, manageable way, introducing useful study skills, and guiding them on how to manage their workload. This includes helping them build consistent approaches to homework, revision, and organisation.</p> <p>Where appropriate, some students may also</p>	GL assessment

These are nationally recognised qualifications that focus on practical, real-life English skills and may be a more suitable pathway for some learners.</p> <p>Our aim is to ensure that every student feels supported, prepared, and confident as they begin this important chapter.</p>

<b>Summer 1 (5)</b>	<b>Explorations in Creative Reading &amp; Writing</b> (English Language - Paper 1)	<p>This term, our Year 10 students will be working on <i>Explorations in Creative Reading and Writing</i>, which forms Paper 1 of the AQA GCSE English Language (8700) specification.</p> <p>This unit is designed to build students' skills in both reading and writing fiction. In Section A, students will read and analyse an unseen literary fiction extract, developing their ability to interpret language, structure, and the writer's craft. <b>Summer 2 (6)</b>	<b>Writers' Viewpoints &amp; Perspectives</b> (English Language - Paper 2)	<p>This term, our Year 10 students will be focusing on non-fiction reading and writing as part of their GCSE English Language course. 		<p>important issues - both in the past and today.</p> <p>In the first part of the unit, students will read and compare two non-fiction texts - one from the 19th century and one from the 20th or 21st century. These could include newspaper articles, travel writing, speeches, letters, or diary extracts. Students will practise identifying viewpoints, analysing how language is used to influence the reader, and comparing perspectives across time.</p> <p>In the second part of the unit, students will develop their own non-fiction writing skills. They will practise writing texts such as speeches, letters, or articles, giving their own opinion on a theme linked to what they've read. The focus will be on clear structure, persuasive language, and accurate spelling, punctuation, and grammar.</p> <p>This work directly prepares students for their final GCSE English Language exam (Paper 2), where reading and writing are equally important. The skills they are building—critical reading, clear communication, and confident writing—will support their success not only in English, but across all subjects and beyond school.</p>	End of unit assignment
